Dear Parent,

This is to inform you that the formal School Reopening for grade I – V has been deferred to January, 2022. This decision has been reached after due consultation with the PTWA and taking into account the apprehension of the parents. We hope to reopen the school in January in a gradual and graded manner. Please be informed closure of schools will impact not only education but also social & mental well being of children.

We are introducing a period for grade I to III purely for enhancing reading skills of students, a concern put forth by many parents. The timetable will be modified accordingly.

Dear Parent,

This is to inform you that the formal School Reopening for grade VI – VIII has been deferred to January, 2022. This decision has been reached after due consultation with the PTWA and taking into account the apprehension of the parents. However, we would like to call in the students of Grade VI to VIII once a month in December in a gradual and graded manner, so that the students would be provided with a learning environment. Please be informed closure of schools will impact not only education but also social & mental well being of children.
